

Subject: Human Rights
To: Whom It May Concern

Hood Container Corporation is committed to human rights and does not knowingly support or condone the use of slavery or human trafficking in the manufacture of our paper. Hood Container realizes that the threat of slavery and human trafficking exists in every country and will continue to happen unless support for those systems cease. Inadvertent support for those systems happens by utilizing tainted supply chains, so we take an active role in verifying that the materials utilized in the production of our products are free from the use of illegal forced labor or human trafficking.
