

## HOOD CONTAINER

### Materials of Concern

To Whom It May Concern:

Hood Container in St. Francisville does not knowingly add any of the materials of concern listed in your request. Because of the few additives used in the papermaking process for our products and the GRAS natures of our pulp, these substances would not be expected to be in our products or would be below any amount that we could detect.

Our products are compliant with all FDA requirements for its intended use as components of, and otherwise in the production of, packaging for direct contact with food product.

Our products are compliant with the Coalition of Northeastern Governors (CONEG) legislation.

Our products do not contain any intentionally added substances found on the REACH SVHC, ROHS, or Prop65 regulations.

Sincerely,

A handwritten signature in blue ink that reads "Jimmy Gibson". The signature is fluid and cursive.

Jimmy Gibson

Mill Manager
